**Press Present:** M. Piwowarski, Delta Collegiate

Board members toured the various places on Main Campus where recent updates have been made due to the Placemaking initiative. They, along with some of the members of the Placemaking Committee, toured the areas near Public Safety, J Wing, Admissions (H Wing), Testing Center, S Wing Galleria and the Greenhouse in C Wing. The initiative was to give Delta College a more welcoming environment for students. Elements included welcome signs on main entrances and doors, digital signage, display panels, white boards, furniture and the use of color for wayfinding. Committee members gave Board Members information on how the design and content was chosen for each specific area.
