# How to setup the MyNavia App in 4 easy steps:

1. Download the MyNavia App from the iTunes or Google Play Store

2. Once downloaded, open the MyNavia App and enter your username/password for the Navia website

---

3. Once successfully logged in to the app, you will be prompted to enter/request an Identification Code

   - The Identification Code will be sent to the account holder's email address on file with Navia

   - Enter the Identification Code into the App

4. Once the identification code is entered into the app, you will be prompted to choose a six-digit PIN #

You are done! Now you can submit claims, check your account balance, verify card swipes, and more...
