### **Documentation Information:**

A single, national data source of individuals who died in the line of duty while serving as a public safety officer does not exist. While the Education Department does not specify all of the acceptable documentation that may be used to determine eligibility for this scholarship, here are some documents that schools may consider:

- A determination letter acknowledging eligibility for certain federal benefits under the Public Safety Officers Benefit (PSOB) program administered by the Department of Justice;
- A written letter of attestation or determination made by a state or local government official with supervisory or other relevant oversight authority of an individual who died in the line of duty while serving as a public safety officer as defined above;
- Documentation of the student qualifying for a state tuition or other state benefit accorded to the children or other family members of a public safety officer consistent with the definition in 42 U.S.C. 3796b, or as a fire police officer as noted above; or
- Other documentation the school determines to be from a credible source that describes or reports the circumstances of the death and the occupation of the parent or guardian.

Institutions must maintain all evidentiary documentation related to the determination of the student's eligibility for the Children of Fallen Heroes Scholarship.

**Please Note:** If you are determined to be eligible for the scholarship based on the documentation submitted, you will be notified through your Delta email.
